PROFESSIONAL SUMMARY

Front-End Developer with 1.5+ years of experience specializing in React.js, Next.js (App Router, SSR/SSG), and React Native. Expert in **Responsive Web Design**, **Accessibility (WCAG)**, and **Performance Optimization (Code Splitting, Lazy Loading, Web Vitals)**, delivering 8+ production-grade projects. Proven ability to boost application speeds by 35% through **TanStack Query (React Query)** and **SEO** best practices. Strong background in architecting scalable, cross-browser compatible architectures, integrating **REST APIs**, and managing global state with **Redux Toolkit**, supported by solid **CI/CD** workflows.

EXPERIENCE

Front-End Developer

03/2025 – Present

NEOXERO

- Architect scalable React.js applications with a focus on **Responsive Web Design**, **Accessibility (WCAG)**, and modular component architecture.
- Implement **Performance Optimization** techniques — including **Code Splitting** and **Lazy Loading** — to reduce load times using **TanStack Query (React Query)**.
- Build accessible, WCAG-compliant UIs ensuring full **Cross-Browser Compatibility** and strong **Web Vitals** scores.
- Integrate **REST APIs** and contribute to **CI/CD** pipelines for reliable, production-ready feature delivery.
- Deliver production-ready features using clean code principles and unit testing (Jest).

Front-End Developer

01/2025 – 03/2025

The Fourth Pyramid

- Developed responsive web applications with Tailwind CSS, ensuring pixel-perfect **Cross-Browser Compatibility**.
- Integrated **REST APIs** and optimized dynamic data rendering for improved performance and **Web Vitals**.

Front-End Developer (Freelance / Contract)

01/2025 – 09/2025

Legends Team & Soft Development

- Partner with development teams to deliver high-performance applications utilizing Next.js **Server-Side Rendering (SSR)** and **Static Site Generation (SSG)** for enhanced **SEO**.
- Collaborate on optimizing front-end bundle sizes via **Code Splitting** and **Lazy Loading** as part of broader **Performance Optimization** strategies.
- Delivered custom eCommerce and dashboard solutions with a mobile-first, **Responsive Web Design** approach and **Redux Toolkit** for state management.

PROJECTS

IMDB Stream — Movie & TV Discovery Platform [Live Demo] [GitHub]

Next.js (App Router), TypeScript, Tailwind CSS, Firebase, TMDB API, next-intl

- Built a modern movie and TV discovery platform using **Next.js App Router** with Server Components, dynamic routing, and optimized rendering strategies.
- Implemented **multi-search with debouncing**, advanced filtering, pagination, collections, recommendations, internationalization (i18n), and responsive layouts for desktop and mobile.
- Integrated the **TMDB API** and Firebase while following scalable architecture, reusable components, and performance optimization best practices.

On — Premium Storefront UI [Live Demo] [GitHub]

React 19, TypeScript, Tailwind CSS, Framer Motion, Lucide React, PWA

- Developed a high-performance, minimalist e-commerce storefront focusing on fluid animations, **Accessibility**, and premium

- user experience.
- Optimized for Core **Web Vitals** through **Code Splitting**, **Lazy Loading**, and advanced asset optimization.

Viva — AI-Powered eCommerce Mobile App [GitHub]
React Native, Expo, TypeScript, Google Gemini API, TanStack Query

- Built a cross-platform app featuring a bilingual AI assistant for personalized product recommendations.
- Integrated Google Gemini API and **TanStack Query (React Query)** for intelligent search, efficient data fetching, and user interaction within a mobile environment.

Aljazea Online — Pharmaceutical eCommerce [Live Demo]
React.js, Zid Platform, Responsive Design, Global State Management

- Engineered critical e-commerce components including the dynamic Cart and Mini-Cart systems using **REST APIs**.
- Developed the "All Products" page with optimized filtering and real-time inventory synchronization.

IninSport — Sports Fashion eCommerce [Live Demo]
React.js, Zid Platform, Responsive Design, Storybook, Cypress

- Built a fully responsive storefront for the Saudi market, handling custom UI themes, complex user flows, and **Accessibility (WCAG)** considerations.

TECHNICAL SKILLS

Frontend Core	React.js, Next.js (App Router, SSR/SSG), React Native, Expo, TypeScript, JavaScript, HTML5, CSS3
Data & State	REST APIs, TanStack Query (React Query), Redux Toolkit, Global State Management
Optimization & SEO	Performance Optimization, Code Splitting, Lazy Loading, Web Vitals, SEO Best Practices, SSR, SSG
UI/UX & Styling	Responsive Web Design, Accessibility (WCAG), Cross-Browser Compatibility, Tailwind CSS, Framer Motion
Tools & Workflow	Git, GitHub, CI/CD , Vite, Vercel, Storybook, Figma, Unit/Integration Testing (Jest, RTL)

EDUCATION

Bachelor of Science, MIS	09/2019 – 05/2023
<i>M.E.T Academy — Mansoura, Egypt</i>	

CERTIFICATIONS & TRAINING

React Native — The Practical Guide	Maximilian Schwarzmüller, Udemy
React & Next.js — The Complete Guide	Maximilian Schwarzmüller, Udemy
Front-End Trainee — 96%, 13th in class	SEF Academy
Web Masters — 3-month intensive program	HTML, CSS, JavaScript, and React.js
React.js Development Course	kimsCode

LANGUAGES

Arabic — Native		English — Intermediate (B1)
